Injectables

The Well House offers the most advanced Fillers on the market today including Juvederm®, Voluma®, Volbella®, and Vollure®

Botox

BOTOX® consists of Neurotoxins that are strategically injected into facial wrinkles to relax the muscle and minimize the appearance of wrinkles.

\$15
Unit

Fillers

Fillers, also known as injectables, 'fill' in the area under the skin to restore lost collagen due to the normal aging process.

\$15
Unit

B12 Shot

B12 Shot is an intra-muscular injection of this important vitamin and necessary nutrient.

\$25

IV Therapy/Vitamin Drip

(Hydration, Energy, Rejuvenation)
VitaminDrip® is a scientifically formulated intravenous rehydration solution for the effective treatment of moderate to severe dehydration.

Image and Obagi Skincare Products Available

Facials/Chemical Peels

Chemical peels resurface the skin quickly and effectively to improve results for a range of skin conditions including acne, brown spots, loose skin, cell renewal, scarring and wrinkles.

Signature Facial

Customized facial using Image Products.

\$75

Medical Facial

After skin consultation, the Esthetician will clean, exfoliate and massage your skin while incorporating treatments such as dermaplaning or chemical peel that are best suited to your skin's needs.

\$110

Deep Cleansing Facial

Personalized deep cleansing facial provides a thorough cleansing of the skin and clogged pores and treats mild to severe acne-prone skin.

\$100

Acne Facial

This treatment thoroughly cleanses the skin to unplug follicles, eliminate bacteria, remove excess oils and purify skin cells.

\$95

Express Facial

Ideal for those on the go. Cleansing, light exfoliation, gentle massaging, and a pore-refining mask followed with a light moisturizer.

\$50

Chemical Peel

Customized technique using Blue Radiance by Obagi. Works for most skin types, colors and ages. The peel allows the esthetician to easily control how deep the peel affects your skin. It is designed to make your skin tighter, brighter and smoother after just one treatment.

\$100

Dermaplaning

Dermaplaning is a safe and simple procedure that uses a surgical blade to gently exfoliate the tired skin cells of the epidermis, the surface layer of the skin, and rid the skin of fine villus hair (peach fuzz).

\$75

Yoga

Yoga helps connect the mind, body and soul.

Mindful Meditation with Movement

Every Wednesday 12:00-1:00 p.m.

\$15

Waxing

Waxing removes unwanted hair using Cirepil, a low temperature, skin friendly wax. It is recognized worldwide for being the finest of its kind.
